

EducationUSA Belarus Virtual Intern

Project Title	EducationUSA Belarus Virtual Intern
Project Summary	Assist Belarusian students seeking undergraduate or graduate education in the U.S. universities in developing their English writing and comprehension, essay and college application skills through a series of webinars, consultations and individual assignments review.
Country	Belarus
Country/Region of Focus	Belarus

Project Description

EducationUSA Belarus team is looking for 2 virtual interns interested to know more about Belarus, practice peer to peer advising, develop cross-cultural communication, presentation, editing and assessment skills. Interns will get access to virtual advising tools used by the center and be featured on EdUSA Belarus Youtube channel.

As an intern for an undergraduate cohort (Competitive College Club) you will will be expected to mentor 20-30 Belarusian high school students and facilitate a monthly book/article/video discussion or a webinar about studying in the U.S. (held between 8PM and 11PM EDT) and once a month conduct a review of individual assignments.

Working with a Graduate Study Cohort will include assisting around 30 students with a step by step guidance on application process to graduate educational institutions in the U.S. with a following review of application documentation for selected students.

Required Skills or Interests

Skill(s)

Analytical writing

Editing and proofreading

Educational design

Social media management

Storytelling/blogging/vlogging

Additional Information

Each of 2 interns will have own supervisor from the EducationUSA Belarus team and will work closely together in virtual undergraduate or graduate advising. Please indicate in your application, what cohort level you would like to work with. EducationUSA Belarus is working actively with the virtual outreach projects and is open to customize internship based on your expertise and interests. We will also ensure to get in touch with you to go over the details before confirming your internship placement with our team.
